<p>A About United Health Services Hospitals</p>	<p>United Health Services Hospitals is a Level II Trauma Center providing services to residents of the greater Binghamton metropolitan area and the Southern Tier region of Central New York State.</p> <p>We are a regional referral center for many services including heart surgery, brain and spinal cord surgery, cancer care, newborn intensive care, high-risk obstetrics, reconstructive surgery, behavioral health and physical rehabilitation.</p> <p>United Health Services Hospitals is a major teaching affiliate of the SUNY Upstate Medical University College of Medicine's Clinical Campus at Binghamton.</p> <p>Wilson Memorial Regional Medical Center, Binghamton General Hospital and a network of Family Care Centers in surrounding communities make up the United Health Services Hospitals.</p>
<p>A1 Campaign for Excellence</p>	<p>United Health Services is committed to building and maintaining a culture that enables the hospitals to be a great place to work and a great place to receive care. The Campaign for Excellence was launched to make that commitment a reality.</p> <p>The Campaign identified the six Pillars necessary for Excellence: People, Service, Growth, Financial, Quality and Community.</p>

Scene	Narration/Interview
<p>A1.1 Pillars of Excellence</p>	<p>People: Great people are the essential component of a great organization. In recognition of this simple fact, United Health Services launched a campaign to recruit and retain the very best people.</p> <p>Service: United Health Services launched a three-year effort to improve service and move patient satisfaction scores into an elite group composed of the top 10 percent of health care providers nationwide.</p> <p>Growth: United Health Services must maintain and develop programs and services that attract new patients to our hospitals. Many initiatives have been launched to accomplish this goal.</p> <p>Financial: If United Health Services is to meet its mission to care for the people of the communities it serves, it must be a good steward of its resources and achieve long-term financial stability. In 2002 we established a three-year goal to achieve a consistent operating surplus of 3 percent.</p> <p>Quality: When it comes to quality, United Health Services is determined to be second to none. In 2002 we launched a special system wide initiative to improve the quality of patient care in three key areas: medication safety, reduction of pressure ulcers and reduction in hospital-acquired infections.</p> <p>Community: United Health Services maintains a commitment to improve the overall health of the communities we serve through a variety of health education and prevention initiatives. At the same time, our system makes an enormous contribution to the economic health of our region and the quality of life we enjoy.</p>
<p>B Youth Recruitment (Why don't we change to "Students" or something that the viewer can relate to)</p>	<p>Healthcare is a rapidly expanding field that offers career opportunity to people in many disciplines. In fact, only 1 out of 4 United Health Services Hospitals employees are doctors or nurses!</p> <p>At United Health Services Hospitals we are committed to the advancement of young people in our region. We believe that our success is tied to your success.</p> <p>Our Shadow Programs give students the opportunity to see what it would be like to work as a Radiology Technician, Nurse, Pharmacist, or Physical Therapist. And, we offer a wide range of Scholarship Programs to make your health care profession a reality.</p> <p>Whether you are interested in direct patient care or the "behind the scenes" professions, United Health Services Hospitals can help you achieve your career goals.</p>

Scene	Narration/Interview
B1 Why Choose Healthcare	<p>Healthcare is growing faster than any other employment area, and entry-level healthcare wages are higher than retail.</p> <p>Healthcare jobs that require a high school diploma start at over \$7.50 per hour and range to over \$13.00 per hour compared to average retail wages of just over \$6.00 per hour, and many different types of jobs are available.</p> <p>You can pursue a health care career with two-years or four-years of college, or start right out of high school! With a health care career you can help others, make good money, get great benefits, access scholarships and paid-training programs, and work in a high-tech environment with opportunity for advancement.</p> <p>Health care offers you the ability to work with children, adults or the aging, or gadgets and technology. No matter what your interests, there is a job for you in health care!</p>
B2 Scholarship Programs	<p>United Health Services Hospitals offers education incentive programs that pay college tuition and fees plus a generous stipend for books each semester. We pay the college directly, while you are in school, eliminating the strain of paying for your college education. All you have to do is work for us upon graduation!</p> <p>Scholarships are available for Nursing, Dietetics, Pharmacy, Radiology, Medical Rehabilitation, and many more. Open the attachment for additional details and a full listing of programs.</p>

B4.1 Link to website	<p>Click here to visit CareerZone. (http://www.nycareerzone.org/)</p>
B5 Links to local colleges	<p>Broome County institutions of higher education include Binghamton University and Broome Community College. In 1998, Money Magazine ranked Binghamton University as FIRST in the Northeast for quality and value among all college and universities. Broome Community College is one of the five original community colleges in New York State.</p>

Scene	Narration/Interview
B5.1 Broome Community College	<p>Broome Community College is a comprehensive community college supervised by State University of New York and sponsored by the County of Broome.</p> <p>Broome Community College enrolls over five thousand students in 40 associate degree programs.</p> <p>Click here to visit Broome Community College's website. (http://www.sunybroome.edu/)</p>
B5.2 Binghamton University	<p>Binghamton University is one of four university centers within the State University of New York system. The Fiske Guide to Colleges 2001 calls BU the, "shining star of the SUNY system". Binghamton enrolls over 12,000 students in bachelor's, master's, and doctoral programs.</p> <p>Click here to visit Binghamton University's website. (http://www.binghamton.edu/)</p>
C Careers	
C1 Scholarship and Tuition Forgiveness Programs	<p>United Health Services Hospitals offers a variety of programs to help people in healthcare careers pay for their education:</p> <p>Scholarship We offer education incentive programs that pay college tuition and fees plus a generous stipend for books each semester. We pay the college directly, while you are in school, eliminating the strain of paying for your college education. All you have to do is work for us upon graduation!</p> <p>Tuition Forgiveness In addition to Scholarship Programs, United Health Services Hospitals offer a variety of Tuition Forgiveness Programs. This means That United Health Services Hospitals will pay you back your tuition costs in return for working with us. C2 Pharmacy	<p>At United Health Services Hospitals, the pharmacist is an integral part of the patient care team. Pharmaceutical care is provided through decentralized pharmacists and a progressive distribution systems supported by modern technology.</p> <p>In addition, the decentralized program is sustained by a computerized system, providing unit dose drug distribution, and a McKesson Robot-RX, supporting central distribution activity.</p> <p>The decentralized pharmacist program places the United Health Services Hospitals pharmacist in patient care areas, with limited distribution responsibility. Pharmacist interaction with the medical and nursing staffs as well as the patient provides the opportunity to truly impact patient care.</p> <p>Participation in physician rounds and the development of specialty practice expertise allows for specific training in regards to patient therapies. Pharmacists are afforded tremendous opportunity for personal growth in either the clinical or administrative facets of pharmacy services.</p>
C3 Cardiopulmonary Services (CHANGED FROM RESPIRATORY THERAPY)	<p>United Health Services Hospitals is a complete provider of respiratory care services, working with all age groups and covering all areas of the hospital including NICU, ICU, CCU and the ED. Diagnostic services provided by staff include arterial blood gas acquisition, pulmonary function testing/screening, bronchoprovocation testing, pulmonary stress testing, assisting with brochoscopies, EKG's and Holter Monitors.</p> <p>Respiratory Therapists at United Health Services Hospitals work closely with physicians, nurses and other members of the interdisciplinary team in determining which therapy is most appropriate for the patient. Invasive and non-invasive ventilary supports are performed, and therapist-driven protocols have been developed for Aerosol/MDI Therapy, Incentive Spirometry, CPT, Oxygen Therapy and Mechanical Ventilator.</p>
C4 Radiology	<p>The Department of Radiology/Diagnostic Imaging at United Health Services Hospitals encompasses the following modalities: Computed Tomography, Nuclear Medicine, Ultrasound and Vascular Sonography. You will work with the latest technology, including a PET-CT scanner.</p> <p>Our staff includes a wide range of positions, including an Interventional Neuro-Radiologist. Work as part of a patient care team in the diagnostic and therapeutic process...our Special Procedures Techs execute angioplasties and stints, eliminating the need for OR procedures. United Health Services Hospitals is the regional referral center for cardiac care, cancer treatment and high-risk OB, in addition to being classified as a Level II Trauma Center.</p> <p>Working in this fast-paced department will offer you the opportunity to gain experience across a broad spectrum of cases. In addition, you have the possibility of cross-training in the CT and Nuclear Medicine modalities. Apply for our Education Incentive Program to become a Nuclear Med Tech, CT Tech, Ultrasonographer, or Non-Invasive Tech. Come be an integral part of this extraordinary group, who credit their success story to their amazing ability to work as a highly effective and dedicated team.</p>

Scene	Narration/Interview
C5 Laboratory	<p>Laboratory career opportunities are available in our anatomic and clinical laboratories. Our departmental areas include: Anatomic Pathology, Blood Bank and Transfusion Services, Chemistry, Coagulation, Fine Needle Aspiration, Flow Cytometry, Cytopathology, Hematology, Histology, Immunochemistry, Immunohistochemistry, Immunology, Microbiology, Urinalysis, Virology and Residency training in Anatomic Pathology</p>
C6 Medical Rehab	<p>The Department of Medical Rehabilitation with United Health Services Hospitals offers a variety of services including prevention and wellness, inpatient rehabilitation in our acute care setting, as well as outpatient services for those in need.</p> <p>Our services include physical therapy, occupational therapy, speech/language pathology, recreational therapy and neuropsychology. In addition, we offer a hand rehabilitation center staffed by Occupational Therapists w/ Hand Therapy Certification to help those injured by trauma, disease or deformity, or those recovering from surgery.</p> <p>Individuals interested in working at United Health Services in these positions will have the opportunity to work in a variety of Medical Rehabilitation settings, extending beyond inpatient acute and outpatient services. PTs, OTs and Speech-Language Pathologists can work in our designated 24-bed Sandiford Rehabilitation Center, as well as in Hand Rehabilitation, Industrial Rehabilitation and Fitness programs. Come see how you can be an integral part of our team!</p>
C7 Behavioral Health	<p>For crisis emergency care, inpatient treatment or outpatient counseling, Binghamton General Hospital offers the region's largest and most comprehensive psychiatric services. The program stands at the forefront of short-term in-patient and out-patient care for the mentally ill and is a regional referral center for electroconvulsive therapy.</p> <p>Being a part of our Behavioral Health Team offers a wonderful opportunity to develop rewarding relationships with our community's patients and be part of caring for our patients in conjunction with a dynamic team of psychologists, psychiatrists, social workers, art therapists, and mental health technicians and assistants.</p>
C8 Entry Level	<p>Our Entry Level career opportunities introduce people to the health care industry while providing a stable job environment and competitive benefits. We have positions for those looking for flexible schedules, part-time or full-time work.</p>
D Nursing Careers	<p>Nurses are attracted to United Health Services Hospitals for many reasons, but mainly because of the wide spectrum services we offer our patients and many opportunities for professional development. Our nurses have the opportunity to specialize in specific clinical areas as well as participate in our clinical ladder, creating a high level of individual and team expertise.</p> <p>Our goal at United Health Services Hospitals is to satisfy all the components necessary to be designated as a Magnet hospital by the American Nurses Credentialing Center. We incorporate the "Magnet" philosophies into our daily practice, ensuring the highest level of professionalism, nursing services and patient care.</p>
